PROFESSIONAL SUMMARY

A dedicated Mathematics Educator with 5+ years of experience delivering British-blended secondary curriculum across in-person and online environments. Demonstrated impact through data-driven instruction — including a **15% improvement in standardised test scores** via a targeted intervention programme. Cross-disciplinary skills in web development, Python data analysis, and ed-tech tooling allow me to build the learning systems I teach with — bridging classroom rigour with digital fluency.

PROFESSIONAL EXPERIENCE

Mathematics Tutor

2025 – Present

Whyte Pyramid Academy (UK-based online tutoring)

- Deliver live one-to-one and small-group Mathematics tuition to UK-based learners, aligned to the UK National Curriculum and GCSE specifications.
- Adapt lesson pace and delivery style for remote, screen-based instruction — leveraging digital whiteboards, interactive resources, and async feedback loops to maintain engagement.
- Maintain detailed learner progression notes shared with parents and academy leadership to inform attainment targets and pastoral support.

Mathematics & Further Mathematics Tutor

2025 – Present

Infant Jesus Academy, Asaba

- Apply a British-style blended curriculum in a UK-standard environment, working directly under the leadership of a British Principal to ensure pedagogical alignment.
- Implement school-wide behaviour management via ClassCharts — administering rewards and consequences, tracking conduct, and reinforcing positive classroom engagement.
- Analyse academic and behavioural datasets in Microsoft Excel, Python, and SQL to identify performance trends and inform instructional strategy at student and cohort level.
- Integrate modern teaching methodologies with core British curriculum principles to design effective, engaging learning experiences for mixed-ability classrooms.

Mathematics Teacher (NYSC)

2024 – 2025

Government Model Secondary School GRA, Asaba

- Completed primary assignment as a Mathematics teacher within the National Youth Service Corps scheme.
- Delivered Mathematics instruction to junior and senior secondary students, supporting school-wide academic priorities.

Mathematics & Further Mathematics Tutor

2021 – 2024

MOCPED / LASUED International Secondary School

- Designed and delivered Mathematics and Further Mathematics curricula across multiple secondary year groups.
- **Flagship intervention:** Built and ran “Revisiting the Foundation,” a targeted gap-closing programme that produced a measurable 15% increase in standardised test scores.
- Implemented differentiated lesson plans to address diverse learning styles, including learners with SEN needs.
- Mentored students for academic competitions and STEM-related activities.

Mathematics Teacher (Primary Level)

2018

The Light School, Epe

- Introduced foundational Mathematics concepts to primary learners through visual, kinaesthetic, and problem-based methods.

LEADERSHIP & TECHNOLOGY

Lead Tech Officer

Present

Kingdom Media and Tech Confluence

- Lead the technology function for the organisation — overseeing platform architecture, digital tooling, and the technical roadmap for media and ed-tech outputs.
- Drive integration of web, data, and content systems to support the organisation's mission and reach.

Founder & Lead Educator

Ongoing

D-Maths

- Operate a private Mathematics tutoring brand serving UTME, SSCE, IGCSE, and KS2–KS3 learners — including end-to-end design, branding, content, and platform delivery.
- Build and deploy custom CBT systems and portals (live URLs in Digital Portfolio below) used in real assessment delivery.

EDUCATION

Bachelor of Education (B.Ed.), Mathematics

2018 – 2023

University of Ibadan, Nigeria

- Professional teaching degree with a major in Mathematics.

West African Senior School Certificate (WASSCE / SSCE)

2015 – 2018

Okemagba Senior High School, Epe, Lagos

Junior School Certificate

2015

MOCPED International Secondary School, Epe, Lagos

KEY SKILLS & COMPETENCIES

Pedagogical & Instructional

Curriculum Design, Differentiated Instruction, Inclusive Teaching, SEN Support, Blended British Curriculum Delivery, Lesson Planning, Assessment Design.

Web & Software

HTML5, CSS3, JavaScript, PHP, Vercel deployment, Responsive Design, Full-Stack School Portals, CBT System Architecture.

Data & Analysis

Microsoft Excel (Power Query, Pivot Tables), Python (Pandas, NumPy, Matplotlib, Seaborn, SciPy), SQL, Predictive Modelling, Report Automation.

Digital & Creative

Pixel Lab, Graphics Design, Brand Identity, Social Media Management, AI Prompt Engineering, ClassCharts.

PAST LEADERSHIP & SERVICE

- **Departmental Social Director** — National Association of Mathematics Students Society of Nigeria (NAMSSN), 2022.
- **Vice President** — Spiritual Fellowship, 2020–2022.
- **Assistant Music Director** — Nigeria Christian Corpers Fellowship (NCCF), Delta State.

INTERVENTION & INCLUSIVE SUPPORT

Experienced supporting learners with special educational needs — including students with autism, short-term memory challenges, and difficulties in abstract reasoning. Adapt teaching strategies, use multi-sensory delivery, and apply patient scaffolding to ensure inclusivity and effective learning for every student.
